EDUCATION HISTORY

FULL-STACK COURSE

Institution: **CYBERPRO ISRAEL**

Year of Graduation: 2024

- Over 700 academic hours
- The ability to learn anything I want, ranging from a totally new programming language to full systems
- Learning over 10 programming languages in less than 5 months, with full-stack projects to showcase my knowledge and skills.

WORK EXPERIENCE

BSW GROUP:

April 2024 - Present: Full-Stack Developer

Frontend: React, Redux, Tailwind CSS

Backend: PHP, Node.js, Prisma

Database: SQL, Neon

Other: TypeScript

ABOUT ME

- An experienced Junior developer with an experience in working as a Full-Stack developer
- Tech enthusiast with problem-solving skills
- Motivated by growth, excellence, and making meaningful contributions
- Unique perspective shaped by experience as a veteran infantry combat engineer
- Maintains calm, pragmatic, and collected mindset in challenging situations
- Selected for prestigious Full-stack Developers Bootcamp and HighTech Combatants' Program
- Stepping stone towards achieving goals in technology sector

COMBAT ENGINEER

601 & 603 Battalion, During my service, I held the rank of sergeant, leading and commanding numerous soldiers in diverse combative scenarios. Additionally, I served as a Nemera Commander, operating a versatile tank pivotal in executing a wide array of tasks, including demolition operations and overcoming obstacles

What my service provided me with:

- The ability to stay calm and focused on any task on hand
- For 1.8 years, I commanded soldiers in various types of missions and high-stress situations..
- I was trained to fight and utilize the tools at my disposal.
